

## Boxed Software for Current Version

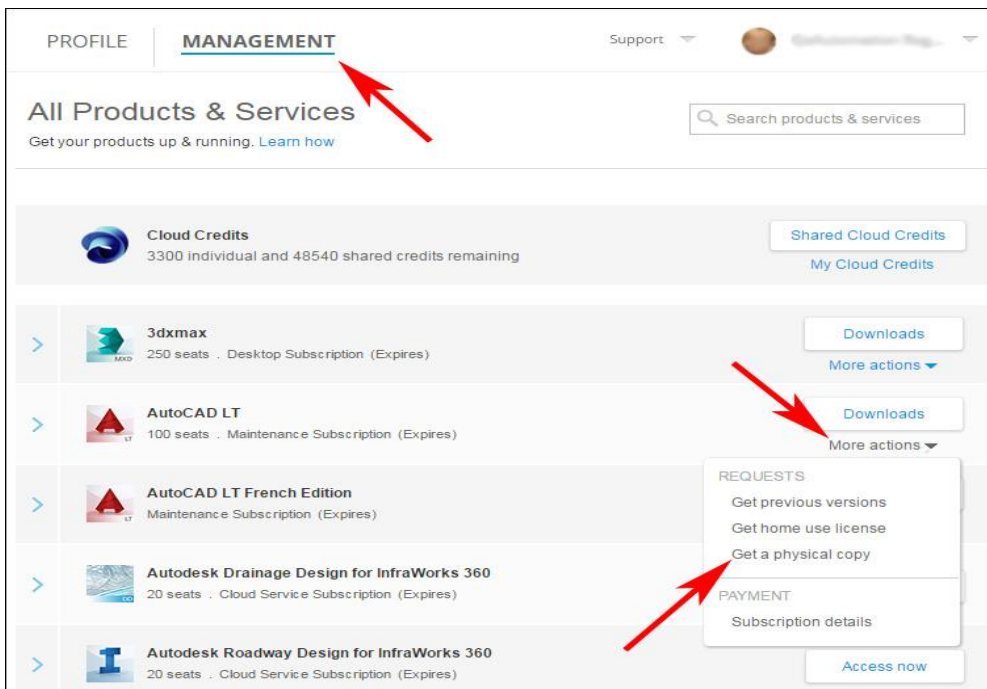

### Requesting Boxed Software for Current Version Software in Autodesk Account

Software Coordinators and Contract Managers for products covered by a maintenance plan can request product media (CD, DVD, or USB, depending on the product) through [Autodesk Account](#) for *current* versions.

#### To request product media for the current software version:

1. Sign into your Autodesk Account at [accounts.autodesk.com](https://accounts.autodesk.com).
2. Click **Management** to view your Products & Services.
3. Locate the software title with an active maintenance plan and click **more actions** below the download button.
4. Select **get a physical copy** from the more actions pull-down menu.

**Note:** Only administrators your Autodesk contracts, such as [Software Coordinators and Contract Managers](#), will see the **more actions** link and options to order software. If you do not see the link and options, contact the Software Coordinator or Contract Manager for assistance.

The screenshot shows the Autodesk Account Management interface. The 'MANAGEMENT' tab is selected, and the 'All Products & Services' section is visible. A list of products is shown, including '3dxdmax', 'AutoCAD LT', 'AutoCAD LT French Edition', 'Autodesk Drainage Design for InfraWorks 360', and 'Autodesk Roadway Design for InfraWorks 360'. For each product, there are 'Downloads' and 'More actions' buttons. A red arrow points to the 'More actions' button for 'AutoCAD LT', which has opened a dropdown menu. The menu contains 'REQUESTS' (Get previous versions, Get home use license, Get a physical copy) and 'PAYMENT' (Subscription details). Another red arrow points to the 'Get a physical copy' option in the menu.

5. Select from the products available on your Autodesk Account contract and complete the requested shipping information.
6. Click the **Next Step** button after you complete the form to review your order.
7. Click the **Go to Checkout** button to proceed to the payment screen

### Order Physical Media

The most effective way to get your Autodesk software is via digital download. However, if you wish to get a physical copy of your product(s) you may do so by placing an order for a nominal fee.

Products and Shipping : **Summary** : Place Order

#### Selected products

\* Please carefully verify the list of products that you have selected for physical shipment, then proceed to checkout.

Product Line	Version	Language	Quantity
Autodesk AutoCAD	2015	Multi-language	1
